## Cyber Security Week

### Together we Secure the Future

2-5 October 2018 - The Hague – The Netherlands

The first week of October 2018 is all about cyber security in its most varied aspects. Because of Alert Online and The One Conference, this week is the ideal moment to organise the third edition of the Cyber Security Week (CSW) in The Hague, the Netherlands. With more than 3,500 attendees from 70 countries and more than 50 events, CSW provides the opportunity to discuss and learn about the latest developments in the sector, meet innovative start-ups and pitch for funding.

This year's CSW programme includes dozens of workshops, keynotes, seminars, an Expo and matchmaking programme. For an overview of the programme, visit: [www.cybersecurityweek.nl](http://www.cybersecurityweek.nl)

#### Visitors

CSW offers a unique gathering of cyber security experts, CISOs, industry leaders, startups, investors, academics, students, diplomats, trade attachés and government officials.

#### Registration is open

Interested in visiting CSW 2018? Registration is now open. There is limited seating per session (40-100 attendees), so please register soon via:

[www.cybersecurityweek.nl](http://www.cybersecurityweek.nl)

#### Highlights

- 1 Oct: Kick-off Alert Online
- 2-3 Oct: One Conference (Full)
- 2-4 Oct: CIPRE
- 3 Oct: Central Network Reception at City Hall
- 4-5 Oct: CSW Congress & Expo
- 4-5 Oct: Matchmaking Event
- 4-5 Oct: Incident Response
- 5 Oct: SME Cyber Security Awareness Event

#### Matchmaking: Pre-arranged Meetings

How do you know which interesting potential partners participate during the Cyber Security Week 2018? And how do you find out if they might just be looking for your organisation or expertise? Join CSWMatch! It offers the opportunity to attend pre-arranged meetings with new international partners, customers and suppliers within the security domain.

*The CSW is powered by the Dutch security cluster 'The Hague Security Delta' and organised together with many partners. It is part of European Cyber Security Month.*

## CSW Congress & Expo: 4 & 5 October 2018 Fokker Terminal

Highlight of the programme is the CSW Congress & Expo in the Fokker Terminal. During two days, an expo, a matchmaking programme and dozens of cyber security related keynotes, sessions and workshops will be organised. Don't miss the opportunity to meet interesting partners and customers, get access to knowledge, talent and capital. It will provide you with the right contacts to seize opportunities and build cross-border collaborations.

### Matchmaking: Pre-arranged Meetings

The matchmaking programme offers you the opportunity to attend pre-arranged meetings with new international partners, customers and suppliers within the security domain.

### CSW Expo

During the CSW Expo, 70 (inter)national organisations will display their innovative cyber security solutions. Each day, 800 visitors are expected.

For questions about the programme, please contact us: [coordination@cybersecurityweek.nl](mailto:coordination@cybersecurityweek.nl)

### Secure Digital Gateway to Europe

The Netherlands' modern IT environment and presence of the Dutch security cluster 'The Hague Security Delta' makes it the 'Secure Digital Gateway to Europe'. The Netherlands owes this position primarily to its:

- well-functioning, state-of-the-art digital infrastructure (AMS-IX is the largest Internet Exchange in the world)
- vibrant IT sector doing world-class research
- businesses, governments, and knowledge institutions working together on innovations
- fast-growing cyber security market. Of the 66,000 IT companies in Holland, 3,600 have cyber security as their core business and more than 2,500 sell cyber security products and services
- consumers and companies quick to embrace IT innovations.

### The Hague, European Cyber Security Capital

The Hague has established itself as a major hub for cyber security in Europe, demonstrated by the presence of the European Cybercrime Centre Europol (EC3), the National Cyber Security Centre, NATO Communications and Information Agency, the Cyber Security Academy and a wide range of cyber security businesses. The city is also home to the HSD Campus: the national innovation centre for security, where businesses, governments and knowledge institutions collaborate to develop innovative security solutions and share knowledge.
